Academic Experience

- 2018- Present Associate Professor, Coastal Carolina University, Conway, SC
2014- 2018 Assistant Professor, Coastal Carolina University, Conway, SC
2011-2014 Lecturer, Coastal Carolina University, Conway, SC

ARTS 102: Visual Arts and Culture

Introduction to forms, functions, and disciplines in visual culture. Contemporary and historic objects, methods, and artists are explored in order to introduce students to basic issues in art history, material culture, and contemporary visual culture.

ARTS 103: Fundamentals of Art

Introduction to the basic principles of two-dimensional design and composition utilizing a variety of digital and analog materials and methods.

ARTS 104: Fundamentals of Art II

Introduction to the basic principles of three-dimensional design and form utilizing a variety of materials and methods.

ARTS 111: Drawing I

Introductory course in the materials of drawing concentrating on linear perspective and observational sighting techniques.

Academic Experience, cont.

ARTS 497: The Artist as Professional

Seminar course devoted to the development of professional practices in preparation for entry into the contemporary art world culminating in an exhibition of works developed during the semester.

UNIV 110: First Year Experience

The course focuses on developing critical and creative thinking, information literacy skills, improving written and oral communication skills, setting personal and academic goals, developing structured and consistent study habits, practicing effective time management, and becoming contributing members of the Coastal community.

VAP 103: Inquiring Minds

This course is designed to provide the student with the basic understanding of how the arts critically influence and culturally enhance our everyday experience. Each section will present a variety of modes that are rooted in artistic expression. Topics will draw from one or more of the following disciplines: Creative Writing, Music, Theatre, and the Visual Arts.

2011 Instructor, South Carolina State University, Orangeburg, SC

ARTH 315: Art Exhibition and Techniques

Designed to prepare students senior exhibitions through a series of critiques, lectures and presentations. Students acquire a well-informed theoretical and practical introduction to exhibition venues and prepare for careers as professional artists.

2005-2008 Adjunct Instructor, University of South Carolina, Columbia, SC

ARTS 103: The Fundamentals of Art

Foundation course investigating principles of design and composition. Students explore formal elements through a series of lectures and assignments in order to develop an understanding the role design and composition plays in nature, culture, and images.

ARTS 107: Color Theory

Foundation course intended to integrate basic design skills with color theory. Historical and contemporary approaches are explored through lectures, projects and critiques.

ARTS 215: Introduction to Printmaking

Traditional and experimental relief techniques including linocut, woodblock, monotype, transfer, and intaglio. Instructor responsibilities include creation of projects, demonstrations, lectures, and evaluation of individual development.

ARTS 232: Figure Structure I

Observational drawing course in which students learn to identify systems of the body and in order to better understand the role those systems play in influencing the appearance of the human figure. Instructor responsibilities include recruiting and hiring models, developing assignments and material demonstrations.

ARTS 532: Advanced Figure Structure

Observational drawing techniques are employed by students to create content-driven compositions using the figure. Historical and contemporary artistic approaches to the figure are explored to create finished compositions.

ARTS 265: Illustration

Digital and traditional techniques are introduced to solve visual design problems. Students are encouraged to develop unique solutions, articulate ideas, and explore genres including animation. Instructor responsibilities include lectures, assignment creation, demonstrations, and critiques.

Academic Experience, cont.

ARTS 465: Advanced Illustration

Digital and traditional techniques are employed to develop personal insights into pictorial representation. Personal development is coupled with lessons in formal composition, visual narrative, and sequential arts.

ARTS 245: Graphic Design I

The basics of visual communication, including formal issues, fundamental communication principles, image development, and relevant digital applications.
